

## ACCESS TO FORMS

Many forms needed by student clinicians are available in the appendices of the Communication Disorders Clinic Policies and Procedures Manual. Some forms used by student clinicians are stored in the Student Lounge. The office assistant should be notified when these forms need to be replenished. Other clinic forms are available as needed from the office assistant. Blank test record forms are located in the Clinic Office. The office assistant will dispense these forms. **Test forms are for Communication Disorders Clinic usage only.**
