It is the policy of the Appalachian State University Communication Disorders Clinic to assess fee assignment as follows: Individuals who have insurance will be subject to full price. The Communication Disorders Clinic will file all Medicaid claims for children.

The sliding fee scale will be applied if the Accounts Clerk determines that a client does not have insurance or Medicaid and meets the financial eligibility guidelines. A payment schedule may be established for all charges.

If the client has not met insurance deductible/ co-pay requirements, he/she will be responsible for these charges. A child’s parent or legal guardian is responsible for all unpaid balances.
